

**Note:**

All Speed Bags with lengths of  $> 120\text{ mm} < 160\text{ mm}$  are produced with an air relief Half-moon  
 All Speed Bags with lengths of  $> 180\text{ mm}$  are produced with an air relief Butterfly.  
 In the case customer does not allow an air relief cut, bags should be ordered with the feature code "H" (= no air relief cut allowed).

Drawing is for schematic purposes only, scale and proportions may vary.

**Bag tolerances:**

Bag length:	+/- 3 mm
Bag width:	+/- 5 mm
Skirt length:	+/- 3 mm
Location AR:	H: +/- 3 mm Y: +/- 6 mm
Location EO:	+/- 3 mm
Seal width:	+/- 1 mm
Movement tolerance:	-----
